SUMMARY

I design software products for complex, regulated environments. Senior UX judgment and user psychology that drives the metrics — system design to align complex architectures into frictionless experiences, with AI-augmented research as leverage.

Skills

SKILLS // MASTERED

Product & UX	User Research · Usability Testing · A/B Testing · Journey Mapping · Mixpanel · NPS/CSAT
Design Systems	Figma (Auto Layout · Variables · Dev Mode · Motion) · Shadcn · Radix · Storybook · WCAG 2.2 / Section 508
Design Engineering	TypeScript · React 19 · Prototyping · Supabase
Agentic UX / AI	Agent-ready Design Systems · LLM Persona Emulation · Custom MCP Design · Figma Make

Experience

EXP // SELECTED

2022–NOW

Booz Allen Hamilton ARMY · DOD · VA · FAA
Senior Product Designer (Design-Engineering)

Architected two design systems (Shadcn, Radix, BAH Brand Book) for the federal Trusted Environments platform and Developer Portal — WCAG 2.2 and Section 508 compliant, passing 95%+ of automated accessibility checks, adopted by 26 internal teams at Booz Allen Hamilton. Pioneered agentic UX research: built LLM-based persona emulators to automate usability testing across hundreds of screenshots per cycle, validated by moderated sessions (5 users per feature); 92% rated the resulting improvements better. Compressed the design-to-development cycle from ~6 weeks to under 1 week by delivering near-production React components; implemented NPS and CSAT instrumentation; designed a custom MCP for the developer portal.

2026–NOW

Compliance SaaS · LATAM 280+ PAYING USERS
Lead Product Designer

Owned discovery-to-launch design for a compliance SaaS serving LATAM SMBs, shipping a validated MVP in 40 days. Instrumented product analytics end-to-end in Mixpanel and defined the activation metric — redesigning the onboarding flow raised new-user activation from 2.6% to 9.4% in under 3 weeks. Ran an A/B test (email vs. Google sign-in) that improved onboarding completion 74%, using AI-persona feedback loops to validate flows pre-engineering. Built a 31-component Figma design system in React 19 / TypeScript, scaling to ~280 paying customers on a base of ~2,700 total users.

2016–2022

Xentinel's DesignOps
Design Director / Product Manager

Directed the DesignOps unit, scaling distributed, multi-theme design systems (Ant Design, Material UI, IBM Carbon, and a custom Shadcn-based system for Banco Pichincha) across Fortune 500 clients (Merck, Mondelēz, Banco Pichincha). Led qualitative research (100+ interviews, usability testing, card sorting) to define enterprise interaction patterns, and mentored ~12 junior/mid designers. Streamlined design-to-engineering handoff, cutting time-to-market 35%.

Education

EDU

M.A. in Interaction Design & UX	Universitat Oberta de Catalunya (UOC) · in progress
B.Sc. in Computer Systems Engineering	Escuela Politécnica Nacional (EPN) · 2015
