SENIOR PRODUCT DESIGNER • UX/UI • AI-AUGMENTED

QUITO • ECUADOR
EN PROFESSIONAL • ES NATIVE
REMOTE GLOBAL

Eighteen years in product, fifteen in design. Senior UX judgment, user psychology mapping, and the system design capability to align complex product architectures into frictionless user experiences – AI-augmented research as leverage. From DBA to UX – I learned the whole stack to design for it. I analyze, learn, ship, and align to whatever the project needs.

Booz Allen Hamilton

Lead product designer for federal systems under the Trusted Environments umbrella. Spearheaded accessibility-audited design systems (/te-skin and TE Black) mapped to strict compliance standards (Section 508 / WCAG 2.1). Pioneered AI-augmented user testing: built user persona emulators to run automated moderated and unmoderated usability tests, using AI-simulated archetypes to evaluate user journeys, map psychological friction, and refine workflows before shipping.

Compliance SaaS • LATAM

Co-founded a compliance SaaS for LATAM SMBs, designing the complete MVP in 40 days. Directed product discovery: defined user archetypes using psychological patterns, mapped complex regulatory workflows into self-serve flows, and designed 31 production UI components. Automated usability feedback loops using AI-simulated personas to validate onboarding funnels before engineering kickoff.
