[github.com/mdanilorojas](#)

Quito · Ecuador

I design software products for complex, regulated environments. Eighteen years in product, fifteen in design. Senior UX judgment, user psychology mapping, and the system design capability to align complex product architectures into frictionless user experiences — AI-augmented research as leverage.

Experience

EXP // SELECTED

2022–NOW

Booz Allen Hamilton

ARMY · DOD · VA · FAA

Senior Product Designer (Design-Engineering)

Owned end-to-end product design for the federal Trusted Environments platform and Developer Portal, serving Army, DoD, VA, and FAA programs. Architected two WCAG 2.2 / Section 508-compliant design systems (Shadcn + Radix), passing 95%+ automated accessibility checks; adopted organically by 26 internal teams. Pioneered agentic UX research: built LLM persona emulators running moderated and unmoderated usability tests (5 users per feature; 92% validated improvements), cutting design-to-dev cycle from ~6 weeks to under 1 week. Implemented NPS and CSAT measurement; AI-driven testing correlated with reduced problem tickets and increased engagement.

2026–NOW

Compliance SaaS · LATAM

PAYING PILOTS

Co-founder & Lead Product Designer

Co-founded and led product design from discovery to launch for a compliance SaaS targeting LATAM SMBs. Shipped a validated MVP in 40 days: conducted discovery interviews, mapped regulatory workflows into self-serve flows, and designed 31 Figma components implemented directly in React 19 / TypeScript across 16 screens. Improved onboarding conversion from near-0% to a functional funnel within 3 weeks of moderated tests and AI persona feedback loops; product reached ~280 paying users on a base of ~2,700.

2016–2022

Xentinals DesignOps

Design Director / Product Manager

Directed the DesignOps unit, scaling multi-theme design systems and token libraries for Fortune 500 clients (Merck, Mondelēz, Banco Pichincha) on Ant Design, Material UI, and IBM Carbon foundations. Led qualitative user research: 100+ user interviews, moderated usability testing, and card sorting to establish enterprise-standard interaction patterns. Mentored ~12 junior and mid-level designers; optimized design-to-engineering handoff, reducing client time-to-market by 35%.

2011–17

Arpatel · Tecniequipos · Canadian Bank Note

Co-founder / Senior Designer-Dev / Project Admin

Built product design foundation through engineering and product management roles: designed retail POS and CRM flows, co-founded product ventures, and administered regional technical infrastructure projects.

Capabilities

CAP // MASTERED

Product & UX User Research · Usability Testing · Journey Mapping · NPS · CSAT

Education

EDU

M.A. in Interaction Design & UX

Universitat Oberta de Catalunya (UOC) · 2015

Design Systems	Figma (Variables · Dev Mode · Auto Layout) · Storybook · WCAG 2.2 · Section 508
Design Engineering	TypeScript · React 19 · Shadcn · Radix · MCP · Prototyping
Agentic UX / AI	LLM Persona Emulation · Agentic Usability Testing · AI-augmented Research · LLM UI
DANILO ROJAS — SENIOR PRODUCT DESIGNER	

B.Sc. in Computer Systems Engineering	Escuela Politécnica Nacional (EPN) · 2015
AI for Designers	Interaction Design Foundation (IxDF) · 2025
