STRATEGY

// PROFESSIONAL SUMMARY

Senior Product Designer. 18 years shipping product — UX judgment, enterprise compliance documentation, AI as leverage.

Product Strategy & Roadmapping · UX Research & Usability Testing · Design Systems & Design Tokens (W3C) · Figma · Design Engineering (TypeScript, React 19, Next.js) · Accessibility (WCAG 2.1 AA) · Agentic UX / LLM-driven workflows (Claude Code, MCP) · SQL · Supabase

// PROFESSIONAL EXPERIENCE

Compliance SaaS · LATAM (independent) 2026 – Present

Founder · product & design

Founded and shipped a multi-site compliance SaaS for LATAM SMBs end-to-end — product strategy, UX, and full-stack delivery. Took it from 0 to a validated 1.0 MVP in production in 40 days: 346 commits, 21 SQL migrations, 31 production UI components, and a cron-driven edge function. Ran a 17-part design-system migration across 5 recursive review rounds, raising the system score from 78.4 to 95.6.

Booz Allen Hamilton 2022 – Present

Design-engineering consultant

Lead design-engineer for the federal Trusted Environments program — own the landing experience, the Developer Portal product, and PM collaboration end-to-end. Architected two parallel design systems (/te-skin, an agent-consumable skill, and TE Black, dark-first) with accessibility audited directly into the design tokens. Built and shipped a SharePoint SPA. Consult cross-team to Army/DoD product groups, with additional support delivered to the FAA and the VA veterans benefits/payment system.

Xentinel's DesignOps

2016 — 2022

Product Manager / UX-UI Designer

Built and led a DesignOps practice inside Central Design, scaling a distributed-yet-centralized design system and token library for enterprise clients (Merck, Mondelēz, Banco Pichincha, Quifatex, Grupo Superior, Moderna Corp., Azzorti, Flamingo CO.). Owned the roadmap, governance, and contribution model that let other teams ship into the system safely.

Arpatel Cia. Ltda.

2014 — 2017

Co-Founder · Product Manager

Co-founded the company and set long-term product strategy. Built the website, CRM templates, and order-management flows; designed and shipped a Retail POS experience (alpha + beta) with prototyped search and scan interaction patterns.

strategy

Tecniequipos S.A.

2013 — 2015

Senior Visual Designer / Developer

Developed a proprietary event platform and managed e-commerce, reporting, and business-systems administration, delivering production requirements in PHP, JavaScript, HTML, CSS, and MariaDB.

Canadian Bank Note

2011 — 2013

Project Administrator

Administered a regional electrical-network project — supervised installation and inventory management, and designed execution strategy driven by historical data.

// EDUCATION

2015	B.Sc. in Computer Systems Engineering Escuela Politécnica Nacional (EPN) · Quito, Ecuador
2021	Google UX Design Certificate Coursera
2020	Design Thinking IBM
–	UX & UI Fundamental Patterns Independent study

// SELECTED CASE STUDIES

BOOZ ALLEN HAMILTON · SENIOR PRODUCT DESIGNER2024 – 2026

Developer Portal design system

Dark-first design system for a government platform — accessible by default, built for engineering to use off the shelf.

- Dark-first design system with WCAG contrast decided and documented per token
- 17 production components with states, usage rules, and named anti-patterns
- Handoff spec engineering builds from directly — design DNA, constraints, checklists

PERSONAL PRODUCT · DESIGN + AI2026

Life Update — AI focus app

Personal focus app — your day scored against your 5-year plan. I designed the product and the AI, then shipped the MVP.

- Product + interaction design for AI-scored daily focus
- Designed the AI behavior: semantic distance from each entry to a long-term plan
- Shipped a working MVP to validate the concept end-to-end
